

2019 FCUS Questionnaire Oversights

Updated 10/9/2019

Questionnaire (both Enterprise and CA-Enterprise versions)

Completion instructions for question 20, section E, **Column 2**, should read:
 [Complete column for every “Yes” in column 1.]

16

E **PEST MANAGEMENT PRACTICES** **E**

20. Were any of the following pesticide spraying practices or activities used on this operation in 2019? Pesticides include insecticides, fungicides, herbicides, bactericides, and plant growth regulators (PGR).

| Pesticide Spraying Practice or Activity | 1 Was this used in 2019? 1 Yes 3 No 99 Don't Know | 2 Was it specifically used to keep pesticide application(s) on target (i.e., reduce pesticide drift)? 1 Yes 3 No 99 Don't Know | 3 [Complete column for every Yes in Column 1.] Considering labor, training, capital expenditures, and other costs, how easy or difficult was it to implement this practice or activity? 1 Very Easy 2 Somewhat Easy 3 Somewhat Difficult 4 Very Difficult | 4 [Complete column for every No in Column 1.] Why was this practice or activity not used? List all that apply. 1 Cost of labor/training 2 Cost of associated equipment/products 3 Incompatible with current production practices (e.g., topography, equipment limitations) 4 General time management issue/too busy 5 Unfamiliar with activity or practice 6 Other, specify: |
|--|---|--|---|---|
| a. Altering spray time(s) depending on weather conditions (e.g., wind speed, wind direction) | 5170 | 5171 | 5172 | 5173 _____ 5174 _____ Specify: _____ |
| b. Calibrate sprayer before the season | 5190 | 5191 | 5192 | 5193 _____ 5194 _____ Specify: _____ |

Coding Guidance: Section E, Question 20, both Enterprise and CA-Enterprise questionnaires. If column 1 is coded as a “1”, then complete column 2 and 3 and do not code column 4. If column 1 is coded as a “3”, code column 4 and do not code columns 2 and 3. If column 1 is coded as a “99”, do not code columns 2-4. See example below for coding guidance.

The PRISM edit will fill in blank items in column 1 to a “-1”, however the OPMP prefers if this item is coded at a “99” if the response is unknown by the respondent.

E PEST MANAGEMENT PRACTICES E

20. Were any of the following pesticide spraying practices or activities used on this operation in 2019? Pesticides include insecticides, fungicides, herbicides, bactericides, and plant growth regulators (PGR).

| Pesticide Spraying Practice or Activity | 1 Was this used in 2019? 1 Yes 3 No 99 Don't Know | 2 Was it specifically used to keep pesticide application(s) on target (i.e., reduce pesticide drift)? 1 Yes 3 No 99 Don't Know | 3 [Complete column for every Yes in Column 1.] Considering labor, training, capital expenditures, and other costs, how easy or difficult was it to implement this practice or activity? 1 Very Easy 2 Somewhat Easy 3 Somewhat Difficult 4 Very Difficult | 4 [Complete column for every No in Column 1.] Why was this practice or activity not used? List all that apply. 1 Cost of labor/training 2 Cost of associated equipment/products 3 Incompatible with current production practices (e.g., topography, equipment limitations) 4 General time management issue/too busy 5 Unfamiliar with activity or practice 6 Other, specify: |
|--|---|--|---|---|
| a. Altering spray time(s) depending on weather conditions (e.g., wind speed, wind direction) | 5170 1 | 5171 1,3, or 99 | 5172 1,2,3, or 4 | 5173 5174 Specify: <u>N/A</u> |
| b. Calibrate sprayer before the season | 5190 3 | 5191 N/A | 5192 N/A | 5193 5194 Specify: <u>1,2,3,4,5,6</u> |
| c. Calibrate sprayer during the season | 5195 99 | 5198 N/A | 5197 N/A | 5198 5199 Specify: <u>N/A</u> |
| d. Manually altering sprayer settings to improve the spray precision (e.g., turning off upper nozzles for smaller trees) | 5200 | 5201 | 5202 | 5203 5204 Specify: _____ |
