

# COSDA TENNESSEE 2021

The Tennessee Department of Agriculture is honored to host the national conference and annual meeting of the Communication Officers of State Departments of Agriculture (COSDA). The event will take place October 10-13, 2021 in Nashville.

Agricultural communicators from across the country will come together for professional development and training, agribusiness tours, and discussion of the ag issues that affect us all.

We look forward to showcasing Tennessee's diverse agriculture and forestry industries. Sponsors benefit from valuable brand visibility and are invited to take part in the morning sessions, afternoon tours, and evening gatherings. Please consider supporting this worthwhile event.
