

# National Association of State Departments of Agriculture

**Subject of Policy Amendment 1:** Adding a Bullet Point about Protecting our Public Lands

**Section Number or Title to be Amended:** 8.2 Grazing on Public Land

**Submitted by:** Secretary Hunter Roberts (SD)

**Text of Policy Amendment:**

## **Section 8.2 Grazing on Public Land**

- NASDA supports livestock grazing permittees and their desire to be good stewards of our public lands. NASDA opposes any effort that seeks to transfer stewardship responsibilities of public lands to any party that would negatively impact our public lands or existing livestock grazing permittees. NASDA supports public grazing land remaining public and strongly urges the federal government and congress to reject any effort that would transfer control of public grazing land to another organization.

**Adopted:** September 29, 2022
