

Please set up your new NASDA iPad. If you have any questions, please contact your trainer.

Before you start:

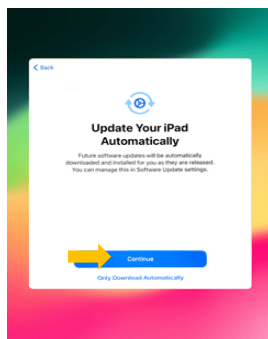

- iPad may need charged before starting set-up process.
- You **MUST** have a Wi-Fi connection during set up process.
- Process could take 15 minutes – 1 hour. Time should be recorded as Project Code 363.

<p>1. To turn iPad on, press and hold the Sleep/Wake (or Top) button on the side of the device until the Apple logo displays.</p>	<p>2. You'll see "Hello" in different languages. Slide bottom bar up.</p> 	<p>3. Select your language.</p> 
<p>4. Select your country or region.</p> 	<p>5. Select and drag the Appearance slider to the desired text size and icon, select Continue.</p> 	<p>6. Select Set Up Without Another Device.</p> 
<p>7. Select a Wi-Fi network to connect.</p> 	<p>8. iPad Retrieving Configuration process may take a few minutes to complete.</p> 	<p>9. Setting up Cellular Connection may take a few minutes. Once a blue bar appears, select Continue.</p> 

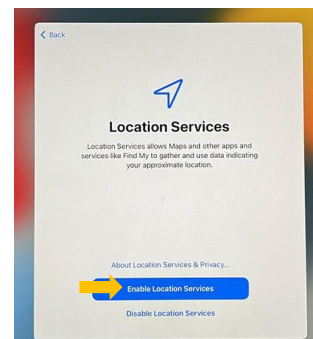

10. Select Enroll this iPad.

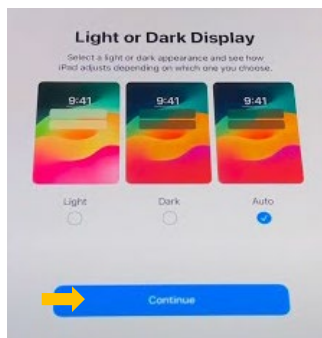

11. Select Continue.

12. Select Enable Location Services.

13. Select your preference for display. Can tap each option for a visual. Select Continue.

14. Change Passcode must be done within 60 minutes! Continue. You will enter 2 times for verification!

15. Open Self-Service icon. Allow notifications. Select the blue arrow. Exit.

16. Open Setting Icon

- 1) Device Name: Open Settings - General (left side)–About (right side)–Name. Rename to Full Name and State you LIVE in. Example: Debbie Martin IA
- 2) Touch ID & Passcode (left side)–Require Passcode (right side)–After 15 minutes
- 3) Apps (left side)–Safari (right side)–Close Tabs ‘After One Week’

17. Open Responsibility Statement icon. Read and Sign the Responsibility Statement. You need to complete information for your new iPad AND your current iPad being turned to NASS.

Need iPad Cellular Number: Open Settings - General (left side) – Cellular Data Number (right side).

**Responsibility
Statement**

Once you have completed all the steps above, return the old iPad using UPS label included. Use the box you received new iPad in to package old iPad.

Keep instructions! If you accidentally reset your iPad, you may need to repeat this process in the future
