WHAT: NASDA annual meeting policy committee meetings are an educational opportunity for NASDA members and other meeting attendees to learn new details about current agricultural and food policy issues. To better serve our members and provide ample time for thorough policy development, NASDA has transitioned to voting on new policy once a year at the Winter Policy Conference. This change allows NASDA members to engage in more in-depth discussions and collaboration at the annual meeting and build upon policies throughout the year. Policies on emerging issues will be voted on as needed.

The [2025 NASDA Annual Meeting](#) is themed “Securing our Future through Agriculture.” The meeting theme will guide NASDA’s conversations on agricultural and food issues.
